Jubilee Anti-Racism Training: Learning Together About Systemic Racism

This 2 ½ day workshop is open to members of any congregation in the Joseph Priestley District. Church leaders are especially encouraged to attend.

Goals:

- To develop a shared analysis of racism and its individual, institutional, and cultural manifestations
- To begin to apply this common understanding to the history, culture, and institutional structure of our congregation, and to envision next steps

The training includes presentations, discussions, videos, exercises, small group work, worship services, and shared meals.

Agenda Topics Include:

- The history of racism and resistance to racism in the Americas
- Defining racism
- The effects of racism on people of color and on white people
- Dismantling racism
- Claiming and shaping an anti-racist identity
- Racism in the UUA

Because of Jubilee II, exploring anti-racism and applying this deeper understanding to my actions in the workplace, in my community, and at church have become an integral part of my spiritual journey. As people of faith, are we not called to try to relieve suffering in all its forms and guises?
Chuck Wooldridge, Former JPD - UUA
Trustee

Jubilee II provides a safe and supportive environment for whites to begin to understand how they have benefited from a racist system. Also, people of color, leave with a better understanding of why the race problems in America seem unending. Every time I see a face light up with new understanding of how race affects us all, I think this is why I have been part of the Jubilee II experience again and again.
