CASA de Maryland will provide a comprehensive training program that gives participants a wide array of practical information on Deferred Action for Childhood Arrivals (DACA). The program will give participants tools to assist DREAMERS who want to apply for relief under DACA. The training is aimed at lay people, equipping them to help youth complete the complex federal application process. Participants will come out of the training more knowledgeable about this unique form of immigration relief and will be positioned to help navigate folks through the process. Participants will be supplied with DACA screening tools, app instructions and other useful materials. We will also learn how CASA successfully involves immigration attorneys as backup experts to the volunteer DACA clinics they operate. For information you can contact Cyn Snavelly at info@uusj.org or [202-600-9132](tel:202-600-9132). You are also welcome to attend the UUSJ Immigration Task Force Meeting June 6 at 10:30 a.m. and/or have lunch with the Task Force at 12:30 p.m. Bring your own lunch. Beverages will be provided. RSVP for the training and the meeting at ww.uusj.org.
